Piqua, OH – July 15, 2009 – Hartzell Fan, a leading manufacturer of industrial air moving equipment, has launched an e-commerce website featuring a select group of general ventilation fans from their HRS stock program. The [FansInStock](http://www.FansInStock.com) website allows a customer to receive a customized quote for the products they select and the ability to purchase these products online all within a very short period of time.

Go to www.FansInStock.com to review product availability or select the “Links” navigation to find your local sales rep to receive more information. You can also contact Hartzell Fan at 800-336-3267 for more information.
